Pro•Dual Leg Press Machine

DCLP-SF Pro•Dual Leg Press Machine

A proper leg workout not only strengthens the glutes, quadriceps, hamstrings and calves, it also works the cardiovascular systems and burns fat.

Body-Solid's Pro•Dual Leg Press & Calf Extension's advanced design reduces spinal compression while allowing full range of motion in a natural biomechanically efficient movement. The machine features pillow block and sealed ball bearings for precision alignment and friction-free motion.
